

Breakfast Chef

Nestled in the heart of the Cotswold village of Southrop, this quintessentially English country destination is an enclosed collection of restored 17th century farm buildings, houses and cottages. Collectively, they form a peaceful hamlet environment and evoke a 'village within a village' spirit that epitomises the natural beauty of the surrounding area. It comprises rooms, cookery school, our own pub, spa and newly opened in November 2018 our restaurant - the Ox Barn.

A great opportunity has arisen for a Breakfast Chef to join the new restaurant kitchen team. The Ox Barn is now open, with 56 covers for breakfast, lunch and dinner, and we need another team member to support the breakfast service. A role for an ambitious and enthusiastic chef, who has great garden produce knowledge and is keen to develop their skills and knowledge, which will include bread making.

This role will require a skilled chef who is happy to work on their own, who has impeccable attention to detail, excellent cooking skills and who doesn't mind an early start. Hours will typically be 7.30- 4.30pm, 5 days a week (to include weekends) so will help with lunch service and production.

- Due to our rural location, you will need your own transport.
- Immediate start is possible.
- It would involve working on a flexible rota around the requirements of the hotel & event team.

Want to join the team? Then please email your CV with covering details of what you might bring to Thyme: hr@thyme.co.uk
