

Housekeeping

Immediate start if possible

Nestled in the heart of the Cotswold village of Southrop, this quintessentially English country destination is an enclosed collection of restored 17th century farm buildings, houses and cottages. Collectively, they form a peaceful hamlet environment and evoke a 'village within a village' spirit that epitomises the natural beauty of the surrounding area. It comprises rooms, cookery school, our own pub, spa and newly opened in November 2018 our restaurant - the Ox Barn. Your role could involve work in all these areas creating a varied working environment.

We currently have a requirement for an energetic and hard working housekeeper, with luxury hotel experience, who has very high standards and a meticulous eye for detail. Work includes some early evenings and weekends.

What Thyme can offer you...

- Excellent training and progression opportunities
- Unrivalled work/life balance
- Beautiful environment to work
- Be part of a fun and friendly team

It would involve working on a flexible rota around the requirements of the hotel & event team. Want to join the team? Then please email your CV with covering details of what you might bring to Thyme: hr@thyme.co.uk
